

Invitation for Tabletop exhibition

CiA invites you to take part at the tabletop exhibition, on occasion of the 17th international CAN Conference (iCC) 2020, in Baden-Baden. Take the opportunity and present your company to an interested audience. Discuss your latest developments and solutions in the application field of CAN devices, software, semiconductors, and tools, with long-standing experts in CAN-based networking.

The iCC is the one-of-a-kind platform for presenting the latest CAN developments. Experts from all over the world and from the most diversified application fields meet on this conference, to discuss lasted trends in CAN-based networking. The conference is unique in its target group and offers visitors the opportunity to become acquainted with the latest developments in CAN technology.

Tabletop exhibitions complete the technical content of the speeches at conferences with the shown products. They are the place for meeting international experts, discussing new projects, exchanging experiences. From the beginning the CAN community used the iCC tabletop exhibition as the opportunity for networking.

For details regarding to the tabletop exhibition, please contact CiA office:

Phone: +49-911-928819-22

email: conferences@can-cia.org.

Best regards,

Birgit Ruedel
CAN in Automation GmbH
