

CiA product panels at SPS 2023

Orderform

CiA is planning to compose a display wall with product panels at CiA booth, at the SPS 2023. If you would like to exhibit your product as part of the CiA product panel wall, please provide the completed order form (see following page) to CiA. Please note, every shown product is linked to the related CiA Product Guide entry, via a QR-code. Therefore, for submitting your product description, please consider the aspects, summarized in the attached submission guide.

The details of prices and conditions for CiA product panels are provided in the chart on the following pages.

Basis for one CiA product panel is a plate with 30 cm x 30 cm. Please provide us with the required size for your product panel and if power supply (230 V_{AC}) is required.

The product panel may not exceed a max. weight of 10 kg and a max. size of 30 cm x 30 cm x 30 cm (length x width x height).

NOTE: It is not required to show a product, operating to 100%, maybe the housing (or a dummy device) is also appropriate.

CiA product panels at SPS 2023
